

RoHS, REACH, SCIP and POPs Confirmation

Dear Sir or Madame,

There are several directives and regulations laid down by the European Union regarding the protection of human health and the environment against chemical substances and pollutions.

We are all obligated as producers, importers and suppliers to follow these directions and regulations. Due to this we (Amo Installationskabel AB) are compelled to certify that we follow the questions below regarding our compliance to the following directives/regulations.

RoHS Directives 2011/65/EU and 2015/863

REACH Regulation (EU) No 1907/2006

SCIP database (established under the Waste Framework Directive WFD)

POPs Regulation (EU) No 2019/1021

More information about this is available at www.echa.europa.eu
